

Student Action Team & Student Leadership in RSS Modules

Below is a selection of the RSS actions that are most relevant to Student Action Teams and student leadership. Many actions overlap, and can be ticked off concurrently if you go about it right, so check out our tips, below. There is a common theme in RSS of sharing and communicating with the community and this provides a fantastic opportunity for the student action team to be in charge of a regular column in your school's newsletter, for example! The scope for involving and engaging your students, making space for them to have a voice, and to feel empowered is huge and exciting.

Activity/Focus	Core	Biodiversity	Energy	Waste	Water
<p>Learning story created & shared with the school community</p> <p><i>TIP: set a format for these learning stories so that they always include a relevant/similar idea for families/carers to do at home, to link off Core 1.4 and all other modules C3.3</i></p>	C1.3 (the plan to develop and share learning stories)	C1.2	C1.2	C1.2	C1.2
<p>Activities & programs developed by students</p> <p><i>TIP link this into your strategy for student environmental leadership Core B1.3</i></p>	C1.4 (sharing these with everyone)	C2.1	C2.1	C2.1	C2.1
<p>Student action team leading activities and programs</p> <p><i>TIP Get them to then write up a learning story about their activity or program, to cover C1.2 in all resource/bio modules.</i></p> <p><i>TIP link this into your strategy for student environmental leadership Core B1.3</i></p>	<p>B1.3 (Strategy for student environmental leadership)</p> <p>C1.2 (sustainability planning team)</p>	C2.2	C2.2	C2.2	C2.2
<p>Shared ideas with the school community to encourage behaviour change at home</p>	C1.4 sharing what the school's activities are, and how these can be done at home	C3.3	C3.3	C3.3	C3.3
